

FRESHDIRTT

FINANCIAL | PORTLAND, OR

ISSUE #388

ABOUT THE PROJECT

DIRTT's cool, clean aesthetic set the right tone for this Oregon investment advisory firm when they renovated portions of their office. Privacy glass maintains an open air but turns opaque when confidentiality is needed. Offices and meeting rooms make the most of imbedded technology, with Corning® Willow® Glass providing a light, durable finish. Design flexibility was important as the combination of Classic and Enzo DIRTT easily accommodated various floor finishes, allowing for future flexibility.

SOLUTIONS

- Pivot and barn doors
- Combination, solid, glass and glass clerestory walls
- DIRTT Power, imbedded LEDs
- Millwork, java center
- Seismic, DIRTT Accessories

FINISHES

- Classic and Enzo Approach
- Corning® Willow® Glass
- Back painted and clear tempered glass
- Chromacoat, anodized aluminum, veneer
- Direct to substrate graphics on glass
